You may qualify for financial support towards childcare if you are:

- On an LSC funded course at Tower Hamlets College
- on a low income
- and have a child who is of nursery age

If you require financial support towards registered childcare you will need to fill out a Childcare Support application form which can be obtained from the Student Advisors. Funds are allocated on a first-come first-served basis. All applications are means-tested.

The following documents will need to be attached to your application:

- Your course offer letter and your timetable (if available)
- Proof of Child Benefit, for example a confirmation of entitlement letter for that child from the Child Benefit Office.
- Proof of child's/children's date(s) of birth, for example full birth certificates or passports.
- Proof of your/partner's weekly income (e.g. photocopies of recent payslips, proof of benefit or any other documents that show your monthly household income). Income evidence must not be older than 3 months.
- Attached written confirmation from nursery/registered minder or any other carer (prices and bank details must be shown). Copies of Registration & Insurance documents need to be provided (only for registered childminders).

Please note: all evidence provided must be less than 3 months old.
