

English

## ESOL

If English isn't your main language, we offer many courses to help you improve your English skills. English for Speakers of Other Languages courses (ESOL) help improve English language skills in work, study and life in the UK.

Our courses enable learners to:

- ***Develop English skills appropriate to the workplace to enhance their employability and improve their job prospects***
- ***Achieve an English qualification recognised by employers and academic institutions nationally and internationally***
- ***Progress to an academic or vocational course in further or higher education***
- ***Cope with everyday situations and develop knowledge of life in the UK***
- ***Improve other key skills, including numeracy and information technology***

The teachers here are very friendly, supporting you through everything you need to learn, including : speaking and listening , reading and writing, vocabulary, punctuation and grammar. We offer many different levels and will assess you to make sure you start at the level right for you.
